GUIDANCE

CAREERS TALKS

Our University of Limerick talk has been rescheduled to the 29th of January. We will take a break from in house talks until after the Christmas assessments. We have had a great turnout from students to our careers talks so far this year and we encourage you all to attend them when they start back in January.

HEAR & DARE

These are alternative admissions schemes for some Irish colleges. Students may be eligible for HEAR based on their socio-economic background or DARE based on a disability. Handbooks have been posted on our 6th year career guidance classroom. Please take a look and see if these access routes may be relevant to you.

See www.accesscollege.ie for further information.

Any remaining students who want to consider making an application through DARE should collect the information booklet from Tara's office. Students who believe they qualify will need to provide a copy of their supporting medical documentation and their personal statement to the school no later than the first week of January 2025. Upon receipt we will complete the Educational Impact Statement with the student. Documents should be brought to Tara's office.

STUDENT SPOTLIGHT

Well done to Seán Landers who played his last Inter-provincial U18 game for Munster in this year's all-Ireland series. Seán has played hockey for Munster over the past five years. In that time he has enjoyed an interprovincial series championship win with Munster and was selected to play for Ireland U16. We wish him all the best in his future hockey endeavors.
