## GUIDANCE

### MEDICAL POLAND GUEST SPEAKER

Our next lunch time careers session which is on March 19<sup>th</sup> in the top study will be a representative from Medical Poland.

The talk will cover information on undergraduate courses on Medicine, Pharmacy, Dentistry, Physiotherapy and Veterinary, all taught through English in Polish universities.

Qualifications gained through studying at Polish medical universities are recognized all over the world. State-of-the-art facilities, small groups, faculty with international experience and low living costs make Poland a great place to study. HPAT is not required. Entry requirements for specific universities vary immensely. At the majority of Polish universities, application deadlines are between late June and late August (with exemptions).

All welcome, bring your lunch.

### UCC FOOD MARKETING & ENTREPRENEURSHIP WEBINAR

The UCC Business School is hosting a webinar for our BSc Food Marketing & Entrepreneurship programme on Wednesday the 19<sup>th</sup> of March, from 5-6pm.

Students, Parents/Guardians are welcome to attend and can register via the link on my classroom. Students interested in the programme might also be interested in the videos on my classroom post about the programme and the opportunities available through the degree, such as the ALDI FE Competition.

### HEAR & DARE SUPPORTING DOCUMENT DEADLINES

Just a reminder that March 15<sup>th</sup> is the latest date that the CAO will accept supporting documents for HEAR or DARE. This applies only to students who are applying to HEAR or DARE.

Have a great week everyone! **Joanne**

## STUDENT SPOTLIGHT

Congratulations yet again to Sam Syed Anaus who following on from his outstanding success in the BT young scientist award, has now also achieved selection to the Irish team travelling to Bolivia for the International Olympiad in Informatics. The International Olympiad in Informatics is one of several international science Olympiads held annually around the world. Exceptional high school students from various countries compete in the prestigious algorithmic competition to sharpen their informatics skills—such as problem analysis, design of algorithms and data structures, programming, and testing. Well done Sam.

### OPEN EVENING EVENTS

**Dublin Business School (DBS)** are hosting an Online Virtual Event for students on Wednesday 12<sup>th</sup> March from 5pm – 6pm

**University College Cork (UCC)** are hosting their CAO Information Evening for parents, guardians and prospective students on Thursday 13<sup>th</sup> March from 5:30pm – 8pm

You can Register online for both these events
